

READ 2021 Challenge

ALL YEAR LONG

Beanstack

myapl.beanstack.org

Hey Teens! Our year-long reading challenge is for EVERYONE! This is your opportunity to move beyond the authors, genres, and formats

you typically read, get outside of your comfort zone, and have fun with your reading list. We are revealing two challenges each month, all year long. You can participate by reading a book from one or both of each month's challenges.

Visit our Shelf Analysis blog or social media pages to view each month's challenges. Log your completed books on our Beanstack website or fill out a printed reading log inside any Ascension Parish Library location. Each book logged will earn you one chance in our monthly drawing for a \$25 Amazon gift card. Monthly winners will be selected in each of the following age groups: Youth (ages 0-12 years), Teen (ages 13-17 years), and Adult (ages 18+ years).

Teens will earn a different button for every challenge you complete.

Q&A ^{with} Kevin McQuarn

Have you ever wanted to meet a writer? From writing and editing, to producing and filming, Ascension Parish resident Kevin McQuarn has done it all! Kevin is the owner of FantomLight, a production company specializing in video creation and event streaming. Along with creating award-winning films, he has also written scripts for Cartoon Network's *Teen Titans Go!* and DC Comics.

Join us for a virtual Q&A with Kevin as he shares his passion and vast knowledge of the audiovisual industry with the community. You will learn about how Kevin got where he is today and be able to ask him questions about the creative process. This program is great for adults, teens, and families with older children who would love to meet a man who will encourage their creative spark and help them see how their dreams can become reality.

To register for this Zoom program, please call (225) 673-8699.

CREPE PAPER SUCCULENTS

FEBRUARY 15 ALL LOCATIONS

Stop the winter blues from getting you down by adding some greenery to your life. These beautiful succulents are made from crepe paper, so no green thumb is required. Cut, shape, and glue everything together to form the perfect low maintenance winter companion.

Designed for tweens and teens in grades 6 - 12.
