This real-life story, in words and vintage photographs, tells of the epic 1930 journey of 25 "Evangeline Girls" led by Sen. Dudley J. LeBlanc, which he called the “First Official Pilgrimage of Louisiana Acadians to Grand-Pré, Nova Scotia.” The trip, which celebrated the 175th anniversary of the Acadian Deportation, marked the first time Cajuns returned to their ancestral homeland and began the process of a grand reunification between the Acadian families of Canada and their cousins in the United States.

A reception and book signing will follow the discussion. Register by calling (225) 473-8052.

**NATIONAL VIETNAM WAR VETERANS DAY** honors the men and women who served and sacrificed during the longest conflict in U.S. history. The commemoration’s primary objective, as penned by Congress, is to thank and honor our Vietnam veterans and their families for their service and sacrifice on behalf of the nation.

The commemoration recognizes all who served on active duty in the U.S. Armed Forces at any time during the period of November 1, 1955, to May 15, 1975, regardless of duty location, and their families. No distinction is made between veterans who served in-country, in-theater, or who were stationed elsewhere during the Vietnam War period. All were called to serve and none could self-determine where they were stationed. In addition to commemorative pins presented to the veterans, the commemoration also created a Certificate of Honor Program to recognize four distinct subcategories of Vietnam veterans and their families:

1) Former, living American military POWs from the Vietnam War as listed by the Department of Defense
2) Immediate family members of American military personnel listed as missing and unaccounted for from the Vietnam War by the Department of Defense
3) Immediate family members of a veteran who is listed on the Vietnam Veterans Memorial in Washington, D.C.
4) Surviving spouses (at the time of death) of veterans who served in the U.S. Armed Forces at any time during the period from November, 1955, to May 15, 1975, regardless of location.

For additional information, call (225) 473-8052.

COUNT on LIBRARIES
2020 CENSUS

Join the Ascension Parish Library during the Count on Libraries: 2020 Census movement for census information sessions scheduled to bring awareness of what to expect for 2020 and how crucial this process is to our community. The census is a count of all persons living in the United States, and it is conducted every ten years by the federal government.

Mr. Jeffery Duhe, Partnership Specialist with U. S. Census, will discuss how the census will greatly impact the future of Ascension Parish and the status of our community. As Ascension Parish continues to grow, ensuring a complete and accurate count is extremely important. It will alleviate the stress on our roads, schools, and emergency services, and it will have far-reaching impacts on political representation and government funding for our community.

The future of Ascension Parish depends on all of us standing up and being counted. For more information or to register for one of these sessions, call Gonzales at (225) 647-3955 or Donaldsonville at (225) 473-8052.

CENSUS CORNERS ... You can count on the Ascension Parish Library during the Count on Libraries: 2020 Census movement for online access. For the first time, the U. S. Census Bureau will promote online response as the preferred method.

Beginning mid-March, the U. S. Census Bureau will mail census materials to households. Many households will receive a letter inviting them to respond to the census online using a unique code. Responding by paper questionnaire and telephone will also become options later for those who prefer not to respond online.

Remember, library computers with online access are available at all library locations during normal library hours to make sure all households have an opportunity to complete the Census questionnaire online. To help prepare for more computer usage, “Census Corners” will be set up at the Gonzales and Donaldsonville locations. Also, if you normally visit the library’s outreach vehicle at the many stops across the parish, online access will also be available to respond to the census.

The future of Ascension Parish depends on all of us standing up and being counted. Count on Libraries: 2020 Census events are being funded by a Library Census Equity Fund Grant from the American Library Association.

The comics will be scanned, printed, and bound into a special issue of Library Jump, and the winner will get a prize!
